

STOCKSBRIDGE TOWN COUNCIL

GRANTS POLICY & GUIDELINES

REVIEWED – NOVEMBER 2024

 LOCAL COUNCIL
AWARD SCHEME
FOUNDATION

1. General Principles

Stocksbridge Town Council is funded only by the local residents (not businesses) of the area (area defined as Stocksbridge, Deepcar and Bolsterstone) and therefore has only limited funds available to assist community organisations located and/or working in the area. The objective of the Council's Grants Programme is to support and encourage a diverse range of community activities, initiatives and events that meet the needs of and benefits all of the area's residents. The Council are keen to support activities that build the community cohesion necessary for a thriving and sustainable community.

Stocksbridge Town Council is committed to providing assistance and support to local community groups which are set up to promote community life for the area's residents. In order for the Council to be able to rationally and objectively assess applications, (many of which will inevitably be totally dissimilar in content) it is both necessary and helpful to assess all applications received against a range of criteria. These are designed to be a general indication of need but are not exclusive and can be flexibly applied.

The Council's financial support is provided by way of Grants which are decided against the criteria in this document.

Stocksbridge Town Council's Policy on Grants is based on the principle of promoting the development of partnerships that encourage and enable local community based organisations to deliver local projects to the whole of the area.

In general, the following principles apply:

- Assistance will be given on the basis of need, merit and contribution to the local community.
- Applicants must clearly show how any grants or assistance awarded will benefit the people and or the environment within the area.
- In general assistance will only be awarded throughout the year up to a value of £1,000.00 *
- Organisations should not make a presumption that funding will continue on a year to year basis.
- Any unspent Grants, full or partial must be repaid to the Council unless otherwise agreed.

*In certain circumstances the Council may increase or decrease the award depending on the availability of funds or in acceptable circumstances where benefit to the community is assessed as part of the projected overall project costs.

2. The Aims of the Council's Grant Provision Policy

- To enable local people to set up and participate in groups and activities.
- To help the area's groups to improve effectiveness.

- To ensure the provision of services, needed by the area's residents.

5. What are Grants available for?

Stocksbridge Town Council's Grants are available all year round.

All projects that are open to the public or serve the public should reach a broad public audience therefore activities of the organisation and in particular the project being considered for funding must be readily available to the whole community within our area. Where possible, the applicant should give an accurate figure of the number of people benefiting from the use of this money i.e. the percentage of members residing in the area.

Any organisation applying for funding must be open to new members, if appropriate, who agree with their principles. Applicants must indicate the full scope of the projects and details of the group(s) who will benefit from the grant. Please note that the grant has to benefit the people of the area rather than non-residents or just the members of your organisation.

5A Eligibility

1. Eligible organisations include historical societies, cultural, community organisations, sports activities etc.
2. The capital costs, or a contribution towards the costs of, any new or replacement equipment that may be required to assist the group in its activities.

7. Grants will not be awarded to organisations who already hold surplus funds which are not being used for the general operation of the organisation or delivery of the project and are not earmarked reserves.
8. Grants will not be given to fund legal requirements of an organisation.

6. What happens after I apply for a Grant?

The Clerk will check your application form and enclosed documents to see if it is complete. If your application is not complete it may be returned to you for completion or you may be contacted for clarification and or additional information.

Grant applications will be assessed using the following criteria:

- a completed application form
- how your group is set up and managed
- your finances and the financial need for funding
- what need/demand there is for your project
- support and involvement for the wider community
- efforts to secure other sources of funding
- if your project provides value for money for the residents of the area
- previous grant history (if applicable)

All grants will be reviewed and categorised according to their main aim, as follows:

- social benefit: advice
- social benefit: work with adults
- social benefit: work with children/young adults
- social benefit: provision of goods
- sport
- culture including performing arts and drama groups
- interest groups
- environment

This will allow the Council to allocate monies fairly across all main streams. However, each application will still be awarded according to its own merit. Thus a sole application in any one category is not guaranteed a grant; equally well an oversubscribed category could still allocate funds to all applicants that provide a service to the people of the area. Please ensure that you plan ahead and apply for your grant in plenty of time for your needs.

All grants must demonstrate that they will:

- enhance the quality of life of the people of the area
- improve the environment of the people of the area
- Promote the good name of the area through their achievement and participation

7. What information will I have to provide?

- Your aim and objectives.
- Your organisations constitution or set of rules and your annual report if applicable.
- The most recent copy of your approved accounts.
- Copies of any permission required for third party use. (e.g. licences or land rent).
- A copy of your current public liability cover (the Council reserves the right to request a further copy of your public liability cover during the period of the grant).
- An explanation of any reserves you hold and if these are earmarked for specific expenditure.
- Highlight if you are actively applying for additional funding or support in kind for your organisation from external sources other than the Town Council.
- Quantify project costings.

Applicants **may** be invited in person to present their applications and answer questions.

8. What happens if I get a grant?

Grants must only be used for the purpose applied for. The funds available in the form of grants are limited and a bid therefore might be successful but still only receive a percentage of the grant requested.

For all successful grant bids the applicant must comply with their commitment to keep Stocksbridge Town Council informed of their progress by letter or in person by the specified time.(See Section 1 General Principles). Non-compliance with this commitment may reflect negatively on future grant applications.

Stocksbridge Town Council reserves the right to pay large grants in stages or in one lump sum. This will depend on the grant amount and the timescale of the project. The Council may request any amount not used to be repaid, unless otherwise agreed.

Recognition must be given to Stocksbridge Town Council for any contribution given; this might include listing on any advertising.

Failure to comply with any conditions attached to a grant may result in the grant being repaid or affect future grant assistance. In order to safeguard the best interests of its residents, the Council reserves the right to investigate any activity which they agree to

support and if necessary take action to recover any money that has not been spent according to the application.

Stocksbridge Town Council aims to raise the profile of its grant-giving powers in order to encourage competition and maximise value for money. To ensure continued optimal running of the 'grant applications', the Policy and guidelines are reviewed annually.
